REPORT ON REVIEW OF INTERIM CONDENSED FINANCIAL STATEMENTS

**TO THE UNITHOLDERS OF
OSOOL & BAKHEET SAUDI TRADING EQUITY
RIYADH, KINGDOM OF SAUDI ARABIA**

INTRODUCTION

We have reviewed the accompanying interim statement of assets and liabilities of Osool & Bakheet Saudi Trading Equity Fund (the "Fund") managed by OSOOL & BAKHEET Investment Company ("Fund Manager") as at 30 June 2018 and the related interim statements of comprehensive income, changes in net assets attributable to the unitholders and cash flows for the six months period then ended, and the accompanying notes which form an integral part of these interim condensed financial statements. The fund's management is responsible for the preparation and fair presentation of these interim condensed financial statements in accordance with International Accounting Standard 34 - "Interim Financial Reporting" (IAS 34) as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

SCOPE OF REVIEW

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" that is endorsed in the Kingdom of Saudi Arabia. A review of these interim condensed financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently, it does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

OTHER MATTER

The financial statements of the Fund for the year ended 31 December 2017 were audited by another auditor who expressed an unmodified opinion on those statements dated 5 April 2018.

CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not presented fairly, in all material respects, in accordance with International Accounting Standard 34, "Interim Financial Reporting" (IAS 34) as endorsed in the Kingdom of Saudi Arabia.

OSOOL & BAKHEET SAUDI TRADING EQUITY FUND

Open-Ended Fund

(Managed by Osool & Bakheet Investment Company)

Notes to the Interim Condensed financial statements

For The Six Month Period Ended 30 June 2018

1. FUND AND ITS ACTIVITIES

Osool & Bakheet Saudi Trading Equity Fund (the "Fund") is an investment fund established through an agreement between Osool & Bakheet Investment Company (the "Fund Manager") and the Fund Investors (the "Unitholders"). The Fund commenced its operations on 7 May 2007.

The Fund has updated their terms and condition which have been approved by the CMA on 22 Rajab 1439H (corresponding to 8 April 2018).

The Fund's primary objective is to maximize capital growth by achieving a positive return while minimizing potential risks through investing in Saudi Joint stock companies that are compliant with Shariah criteria, and investing the Fund's available liquidity in low risk and highly liquid Saudi Riyal assets (such as Murabaha and Murabaha funds in Saudi Riyal).

In dealing with the Unit holders, the Fund Manager considers the Fund as an independent accounting unit. Accordingly, the Fund Manager prepares separate financial statements for the Fund.

The address of the Fund Manager is as follows:

Osool & Bakheet Investment Company
P. O. Box 63762
Riyadh 11526
Kingdom of Saudi Arabia

2. REGULATING AUTHORITY

The Fund is governed by the Investment Fund Regulations ("the Regulations") published by the CMA on 3/12/1427 (corresponding to 24/12/2006) subsequently amended by Resolution of the Board of the Capital Market Authority Number 1 - 61 - 2016 Dated 16/8/1437 (corresponding to 23/5/2016) detailing requirements for all funds within the Kingdom of Saudi Arabia. During the year 2016, CMA issued new Investment Fund Regulations effective from 6 November 2016.

3. SUBSCRIPTION/ REDEMPTION

The Fund is open for subscriptions / redemptions of units on every business day (each being a "Dealing Day") of the Saudi Stock Exchange Market. The value of the Fund's portfolio is determined on each dealing day (each being a "Valuation Day"). The net asset value of the Fund for the purpose of purchase or sale of units is determined by dividing the net value of assets (fair value of fund assets minus fund liabilities) by the total number of outstanding fund units on the relevant valuation day.

The Fund classifies its redeemable units as an equity instrument if the redeemable units have all of the following features:

- It entitles the holder to a pro rata share of the Fund's net assets in the event of the Fund's liquidation.
- The instrument is in the class of instruments that is subordinate to all other classes of instruments.
- All financial instruments in the class of instruments that is subordinate to all other classes of instruments have identical features.
- The instrument does not include any contractual obligation to deliver cash or another financial asset other than the holder's rights to a pro rata shares of the Fund's net assets.
- The total expected cash flows attributable to the instrument over the life of the instrument are based substantially on the profit or loss, the change in the recognised net assets or the change in the fair value of the recognised and unrecognised net assets of the Fund over the life of the instrument.

The subscription and redemption of redeemable units are accounted for as equity transactions as long as units are classified as equity.

4. Basis of preparation

4-1 statement of compliance

These unaudited interim condensed financial statements have been prepared in accordance with International Accounting Standard 34 ‘‘ Interim Financial Reporting’’ that is endorsed in Kingdom of Saudi Arabia.

For all periods up to the year ended 31 December 2017, the Fund prepared its financial statements in accordance with generally accepted accounting standards in the Kingdom of Saudi Arabia promulgated by Saudi Organization for Certified Public Accountants (‘‘SOCPA’’). The financial statements for the period ended 30 June 2018 are the first financial statements of the Fund prepared in accordance with IFRS (Note 7).

These interim condensed financial statements have been prepared in accordance with IFRS 1 First time Adoption of International Financial Reporting Standards’. The Fund has applied the same accounting policies consistently for all periods presented, as if such policies were in force.

4-2 Basis of measurement

The unaudited interim condensed financial statements have been prepared on a historical cost convention, as modified by the revaluation of financial assets measured at fair value through profit or loss.

4-3 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates (the ‘‘functional currency’’). These financial statements are presented in Saudi Arabian Riyal (‘‘SAR’’) which is the Fund’s functional and presentation currency.

5. Significant accounting estimates and judgments

The preparation of the financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Estimates and underlying assumptions are evaluated continually on the basis of past experience and other factors, including expectations of future events that are believed to be reasonable in the circumstances. As a result, judgments are made about the carrying amount of assets and liabilities from other sources. Actual results may differ from these estimates. Basic estimates and assumptions are examined based on an ongoing basis. An examination is included in the accounting estimates in the period in which the estimate is tested if the examination affects only that period or the period of the examination and future periods if the examination affects current and future periods.

In the process of applying the Fund’s accounting policies, management has made the following estimates and judgments which are significant to the interim condensed financial statements:

Going Concern

The Fund's management has made an assessment of the Fund’s ability to continue as a going concern and is satisfied that the Fund has the resources to continue in business for the foreseeable future. Furthermore, the management is not aware of any material uncertainties that may cast significant doubt on the Fund’s ability to continue as a going concern. Therefore, the financial statements have been prepared on a going concern basis.

5. Significant accounting estimates and judgments (continued)

Expected credit loss

The measurement of the expected credit loss allowance for financial assets measured at amortized cost is an area that requires the use of complex models and significant assumptions about future economic conditions and credit behavior.

A number of significant judgments are also required in applying the accounting requirements for measuring expected credit loss (ECL), such as:

- Determining criteria for significant increase in credit risk;
- Choosing appropriate models and assumptions for the measurement of ECL;
- Establishing the number and relative weightings of forward-looking scenarios for each type of product/market and the associated ECL; and
- Establishing group of similar financial assets for the purposes of measuring ECL.

6. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies used in the preparation of these interim condensed financial statements as follows:

6-1 Cash and cash equivalents

For the purposes of the statement of cash flows, cash and cash equivalents consists Bank balance. Cash and cash equivalents are carried at amortized cost in the interim condensed statement of assets and liabilities.

6-2 Financial instruments

6-2-1 Change in accounting policies

The Fund has adopted IFRS 9 ‘*Financial Instruments*’ as issued by the International Accounting Standards Board (IASB) in July 2014 with a date of transition of 1 January 2018, which resulted in changes in accounting policies. As permitted by the transitional provisions of IFRS 9 and IFRS 1 (Note 3). Adjustments to the carrying amounts of financial assets and liabilities at the date of transition, if any, were recognised in the opening net assets of the current period.

Set out below are disclosures relating to the impact of the adoption of IFRS 9 on the Fund. Further details of the specific IFRS 9 accounting policies applied in the current period (as well as the previous SOCPA compliant accounting policies applied in the comparative periods) are described in more detail in below notes.

Classification and measurement of financial instruments

The measurement category and the carrying amount of financial assets and liabilities in accordance with previous accounting policies under SOCPA and IFRS 9 as at 1 January 2018 are compared as follows:

		SOCPA		IFRS 9	
Measurement category		Carrying amount	Measurement category	Carrying amount	
		SAR		SAR	
Financial assets					
Cash and Cash equivalent	Amortized cost	154,612	Amortized cost	154,612

6-2 financial instruments (continued)

6-2-1 Change in accounting policies (continued)

Reconciliation of statement of assets and liabilities balances from SOCPA to IFRS 9

The Fund performed a detailed analysis of its business models for managing financial assets and analysis of their cash flow characteristics. Please refer to Note 6-2-2 for more detailed information regarding the new classification requirements of IFRS 9.

The following table reconciles the carrying amounts of financial assets, from their previous measurement category in accordance with SOCPA to their new measurement categories upon transition to IFRS 9 on 1 January 2018.

		SOCPA amount		Remeasu	IFRS 9 amount
	Ref	1 January 2018	Reclassifications	rement	1 January
		SAR	SAR	SAR	2018

Notes to the Interim Condensed financial statements
For The Six Month Period Ended 30 June 2018

6. SIGNIFICANT ACCOUNTING POLICIES (continued)

6-2-2 Classification and measurement of financial assets

Policy applicable from 1 January 2018

Equity instruments

The Fund classifies its financial assets at fair value through profit or loss (FVPL). The Fund subsequently measures all equity investments at fair value through profit or loss, except where the Fund Manager has elected, at initial recognition, to irrevocably designate an equity investment at fair value through other comprehensive income. The fair value gains and Losses are recognised in OCI and are not subsequently reclassified to the statement of comprehensive income, dividends from these investments are recognized in the statement of profit and loss as other income when the right to receive payment is established. There is no requirement for impairment of equity investments measured at fair value through other comprehensive income. Changes in the fair value of financial assets are recognized as profit or loss in the statement of profit and loss.

6-2-3 Derecognition

Financial assets, or a portion thereof, are derecognised when the contractual rights to receive the cash flows from the assets have expired, or when they have been transferred and either (i) the Fund transfers substantially all the risks and rewards of ownership, or (ii) the Fund neither transfers nor retains substantially all the risks and rewards of ownership and the Fund has not retained control.

6-2-4 Financial liabilities

The Fund classifies its financial liabilities at amortised cost unless it has designated liabilities at FVPL. The Fund derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

6-2-5 Impairment of financial assets

The Fund assesses on a forward-looking basis the expected credit losses (“ECL”) associated with its financial instrument assets carried at amortised cost. The Fund recognises a loss allowance for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of resources; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

6-3 Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of assets and liabilities when, and only when, the Fund currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

6. SIGNIFICANT ACCOUNTING POLICIES (continued)

6-4 Accrued expenses and other Payable

Accrued expenses and other payables are recognized initially at fair value and subsequently measured at amortized cost using the effective commission rate method.

6-5 Provisions

A provision is recognized when the Fund has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount can be made. Provision is not recognized for future operating loss.

6-6 Income tax / zakat

Income tax / zakat is the obligation of the Unit Holders and therefore, no provision for such liability is made in these financial statements.

6-7 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the revenue can be reliably measured, regardless of when payment is being made. Revenue is measured at the fair value of the consideration received, excluding discounts, taxes and rebates.

Dividend income is recognized when the Fund's right to receive dividends is established.

7. FIRST-TIME ADOPTION OF IFRS

The interim condensed financial statements for the period ended 30 June 2018 are the first financial statements of the Fund prepared in accordance with IFRS endorsed by the Kingdom of Saudi Arabia. For periods up to the year ended 31 December 2017, the Fund prepared its financial statements in accordance with generally accepted accounting standards in the Kingdom of Saudi Arabia promulgated by Saudi Organisation for Certified Public Accountants (“SOCPA”).

Accordingly, the Fund has prepared the financial statements that comply with IFRS applicable as at 30 June 2018, together with the comparative periods as at 1 January 2017 and as at 31 December 2017. This note explains the principal adjustments made by the Fund in restating its previous statements of assets and liabilities as at 1 January 2017 and 31 December 2017 which had been prepared in accordance with the requirements of SOCPA.

Exemptions applied

IFRS 1 ‘*First-time Adoption of International Financial Reporting Standards*’ allows first-time adopters certain exemptions from the retrospective application of certain requirements under IFRS.

The Fund has applied the following exemption:

The Fund has adopted IFRS 9 as issued by International Accounting Standards Board in July 2014 with a date of transition of 1 January 2018, which resulted in adjustments to the amounts previously recognised in the financial statements.

As permitted by the transitional provisions of IFRS 9, the Fund elected not to restate comparative figures. Adjustments to the carrying amounts of financial assets and financial liabilities at the date of transition, if any, were recognised in the opening retained earnings (1 January 2018) of current period. Accordingly, the information presented in comparative periods reflect the requirements under SOCPA and therefore is not comparable to the information presented under the requirements of IFRS 9 for the period ended 30 June 2018.

Consequently, for notes disclosures, the consequential amendments to IFRS 7 disclosures have also only been applied to the current period.

The following assessment have been made on the basis of the facts and circumstances that existed at the date of transition to IFRS 9:

- Determination of the business model within which a financial asset is held;
- Designation and revocation of previous designations of certain financial assets as measured at fair value through profit or loss.

Estimates

The estimates at 1 January 2017 and at 31 December 2017 are consistent with those made for the same dates in accordance with SOCPA on net assets as at 1 January 2017 and 31 December 2017.

12. FINANCIAL RISK MANAGEMENT

12-1 Financial risk factors

The Fund's activities expose it to a variety of financial risks: market risk, credit risk, liquidity risk and operational risk.

The Fund Manager is responsible for identifying and controlling risks. The Fund Board supervises the Fund Manager and is ultimately responsible for the overall management of the Fund.

Monitoring and controlling risks is primarily set up to be performed based on the limits established by the Fund Board. The Fund has its Terms and Conditions document that set out its overall business strategies, its tolerance of risks and its general risk management philosophy and is obliged to take actions to rebalance the portfolio in line with the investment guidelines.

The Fund uses different methods to measure and manage the various types of risk to which it is exposed; these methods are explained below.

(a) Market risk

Price risk

Price risk is the risk that the value of the Fund's financial instruments will fluctuate as a result of changes in market prices caused by factors other than foreign currency and commission rate movements.

The price risk arises primarily from uncertainty about the future prices of financial instruments that the Fund holds. The Fund Manager diversifies the investment portfolio and closely monitors the price movement of its investments in financial instruments. As of the statement of financial position date, Fund has equity investments.

The effect on the net assets value (as a result of the change in the fair value of investments as at 31 December 2017) due to a reasonably possible change in equity indices based on the industry concentration, with all other variables held constants is as follows:

	30 June 2018		31 December 2017		1 January 2017	
	Potential reasonable change %	Effect on NAV	Potential reasonable change %	Effect on NAV	Potential reasonable change %	Effect on NAV

12. FINANCIAL RISK MANAGEMENT (continued)

12-1 financial risk factors (continued)

(b) Credit risk

The Fund is exposed to credit risk, which is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The Fund is exposed to credit risk for its investment portfolio, receivables and bank balances.

It is Fund's policy to enter into financial instrument contracts with reputable counterparties. The Fund seeks to limit its credit risk by monitoring credit exposures, limiting transactions with specific counterparties and continually assessing the creditworthiness of counterparties.

(c) Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

The Fund's terms and conditions provide for subscription and redemption of units on Monday and Thursday, therefore, exposed to the liquidity risk of meeting unitholder redemptions on these days. The Fund's financial liabilities primarily consist of payables which are expected to be settled within one month from the statement of financial position date.

The Fund Manager monitors liquidity requirements by ensuring that sufficient funds are available to meet any commitments as they arise, either through new subscriptions, liquidation of the investment portfolio or by taking short term loans from the Fund Manager.

(d) Operational risk

Operational risk is the risk of direct or indirect loss arising from a variety of causes associated with the processes, technology and infrastructure supporting the Fund's activities either internally or externally at the Fund's service provider and from external factors other than credit, liquidity, currency and market risks such as those arising from the legal and regulatory requirements.

The Fund's objective is to manage operational risk so as to balance limiting of financial losses and damage to its reputation with achieving its investment objective of generating returns to unitholders.

12. FINANCIAL RISK MANAGEMENT (continued)

12.2 Fair value estimation

The fund classifies fair value measurements using the fair-value hierarchy that reflects the importance of the inputs used to perform these measurements. The fair value hierarchy has the following levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability.

The Fund has classified the fair value hierarchy for all investments at Level 1.

On the date of the statement of asset and liability, the fund manager believes that the fund could have recovered its investments by its net asset value per unit. The carrying amount less provision for impairment of other receivables and payables is close to their fair value.

13. LAST VALUATION DAY

The last valuation day of the period was 28 June 2018

14. APPROVAL OF THE FINANCIAL STATEMENTS

These interim condensed financial statements were approved by the Fund's Board of Directors on 4 Dhul-Hijjah 1439H corresponding to 15 August 2018.
