To: **The Unitholders of
Bakheet Saudi Trading Equity Fund
Kingdom of Saudi Arabia**

We have audited the accompanying financial statements of **Bakheet Saudi Trading Equity Fund** (the "Fund") managed by Bakheet Investment Group (the "Fund Manager"), which comprise the balance sheet as at 31 December 2010 and the related statements of income, changes in net assets attributable to unitholders and cash flows for the year then ended and the attached notes (1) through (11) which form an integral part of the financial statements.

Fund Manager's responsibility for the financial statements

The Fund Manager is responsible for the preparation and fair presentation of these financial statements in accordance with generally accepted accounting standards in the Kingdom of Saudi Arabia and for such internal control as the Fund Manager determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The Fund Manager has provided us with all the information and explanations that we require relating to our audit of these financial statements.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with generally accepted auditing standards in the Kingdom of Saudi Arabia. Those standards require that we comply with relevant ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal controls relevant to the preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund Manager's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Fund Manager, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion, the financial statements taken as a whole present fairly, in all material respects, the financial position of the Fund as at 31 December 2010 and the results of its operations and its cash flows for the year then ended in accordance with generally accepted accounting standards in the Kingdom of Saudi Arabia appropriate to the circumstances of the Fund.
